

Nia®

Active Chair Product Sheet

NIA

DESIGNED TO SUPPORT ACTIVITY DURING THE WORKDAY

Agile work is best supported by spaces that can be quickly adapted to a users needs, thats why Nia was designed with an intuitive comfortt and minimal controls. The ideal work environment for tomorrow's knowledge worker provides support where it's needed and freedom where it's wanted. Designed to support activity during the workday, Nia offers the rich comfort of a lounge chair with the precise engineering of a performance task chair – it combines comfort, performance and aesthetics in one product. Its slim design hides a smart mechanism that, extensive testing has shown, provides remarkable comfort however you sit in it.
